

September 2026

Dear Parents/Carers,

RE: Exams 2026/2027

Your child will be sitting exams at our school in the coming academic year, such as Functional Skills and GCSEs. In order to make your child fully informed of the exam process, we have uploaded several documents for both you and them to read on our school website. The weblink for these documents can be found in the Letters to Parents section of our Parent Zone called 'Exam Requirements 2026-2027':

[Tregonwell Academy - Exam Information](#)

If you can show them to your child please.

In addition to your child viewing these documents, the Vice-Principal Miss Read will also explain the information contained within them to your child at school in the coming weeks. One point we wish to draw your attention to is that smart glasses are now prohibited in exams and so if your child has these type of glasses, you will need to ensure that they also have a pair of normal glasses for exams.

If you or your child has any questions on the exam information provided, please do not hesitate to get in touch with the School Office on 01202-424361.

Yours sincerely,

Joe Phillips

Principal
